Dear Paul,

Riverside Track Resurfacing

Thank you for the work carried out at the above.

I would like to express the appreciation of the Residents and myself with the way the work was carried out and our thanks to your staff, who on site, were professional, knowledgeable and very approachable. Also a special thank you from myself to Lorraine who's attitude and positive way she dealt with every query was exemplary. She can now take me off the wall and cross me out of the diary! You must be very proud of all your working colleagues who enhance the reputation of Durolas.

I note your confirmation that although the weather conditions and delivery of asphalt were against you on the last day this had not compromised the quality of the work.

As agreed you will write to the Residents confirming that you would anticipate the work to last between 10 and 15 years.

Thank you again for your efforts, the Residents are very pleased with the end result.

Yours sincerely

Roger Poole

Re; DRIVEWAY IMPROVEMENTS. INVOICE NO. 52655.

Dear Kirk,

Please find enclosed my cheque for the sum of £2258.00 for the work carried out during week number 19 of this year.

As mentioned to you on completion I was very pleased with the finished result, and so were my neighbours. I was not surprised at the outcome dealing with a company like Durolas, which has a good reputation. But one never knows quite what to expect and we were not disappointed. It is only right to mention the work team who were polite and friendly despite the difficulties you can expect when traffic movements for three properties becomes restricted for several days.

We shall have no hesitation in recommending Durolas to our friends and I would like to thank you in particular for making this experience as painless as possible.

Yours sincerely

Dear Trevor

Just a note to say thank you so much for taking on the horrendous task of this school's problems, i.e. THE FENCE!! Both Dave and I wouldn't have got through the last few weeks and remained sane without your expertise, contacts and the **hard work** of both Wayne and Craig (hope that is correct, because we affectionately know them as Dumber and Dumber!!! and they have done an absolute brilliant job!!

Anyway rest assured we will be back and if at anytime we can be any assistance to you as a reference point or contact, please do not hesitate to contact me.
